AUDIO FILES FOR NSAA

This year we are including an audio file of the “voices” of our students and graduates. We are requesting those to be recognized to **email their application and an audio file** (record it on your smartphone) of your 2-3 word(s) that completes the phrase “Freedom Is.....” to NsaaFreedom@gmail.com.

For those who need assistance, Deacon Daniel Kelly will be available after services on Sunday, May 21st to help you record. Applications and voice files will be accepted **through Sunday, June 4, 2017**. Instructions on recording: Most smartphone microphones are located on the back of the phone, near the bottom of the handset. When you start recording, you’ll want to point the phone’s microphone in the direction of the person speaking. If you’re holding the smartphone, make sure your hand isn’t covering the mic. If you’re recording your own voice, it’s also a good idea to keep a reasonable distance between your mouth and the microphone to ensure you capture a clear audio recording.

Take recordings and transfer them to your computer Some Android™ devices come with a voice recording app pre-installed. Hit the red record button when you want to start the recording, and then once again to stop it. Send as an attachment to the email address Nsaafreedom@gmail.com
